Design a Farm

The farmer wants to build a new farm in the space available. Use this grid to design the new farm. There must be room for all of the things listed below.

Small barn = 8 squares

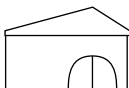

House and garden = 9 squares

Sheep field = 28 squares

Lambing shed = 12 squares

Large barn = 15 squares

Hen house = 4 squares

Dog kennel = 2 squares

Animal food store = 6 squares

Tractor shed = 6 squares

Duck pond = 4 squares

Hay field = 14 squares
